

**PROPANE FOR  
AGRICULTURE**

# SUPERIOR SOLUTIONS

Propane is made for the modern farm. It provides the versatility you need to heat your home, barn or greenhouse; dry your crops; power your equipment, vehicles or mowers; or produce combined heat and power. We are your total agriculture energy solution for:

**Barn, Greenhouse & Home Heat**  
**Crop Drying**  
**Water Heating**  
**Irrigation**  
**Frost Protection**  
**Flame Weed Control**  
**And More!**

## RELIABLE SUPPLY

We have the largest propane supply in Canada. Protect your crops and livestock with a name you can depend on to make sure you never run out of fuel.

## PRICE AND PAYMENT PLANS

We help ease the pressure of monthly budgeting in your seasonal business by offering equal payment plans. We also know that fuel price fluctuations affect your bottom line so we offer a fixed price plan that works for you.

## LOCAL SERVICE AND DELIVERY

Our service and delivery teams live and work across Canada in communities like yours. We are your neighbours and are proudly rooted in rural Canada.

## PROPANE AGRICULTURE ADVANTAGES

Propane is a safe, clean-burning, green energy. In any application, propane is a low-cost fuel that delivers energy efficiency and savings. Propane-powered equipment offers lower maintenance costs without compromising performance, power or productivity.

**Propane-powered crop dryers are up to 50% more fuel efficient than the previous generation of dryers.<sup>1</sup>**

**Propane-powered irrigation engines save farmers 40% or more on fuel cost compared with a diesel-fuelled engine doing the same job.<sup>2</sup>**

**“OUR PROPANE CROP DRYER INCREASES OUR EFFICIENCY.  
PROPANE IS VITAL TO OUR OPERATION.”**
